RE: RECOMMENDATION FOR MARY AYESIGA

I take this honor to recommend Ms. Mary Ayesiga for a Master's in Business Administration (MBA) program at your esteemed Institute.

I have worked closely with Mary while at Equity Bank Uganda for a period of 5years.

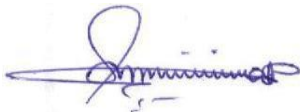

Mary possesses great strategy formulation & execution skills & attention to detail which has enabled her to become highly adaptable to different working environments and conditions. She thrives on challenges that her environment presents with great composure when under pressure, qualities that have enabled her to complete demanding tasks, meet their deadlines and enabled her to excel in daily duties.

Mary can work exceptionally well both within a team and individually. She is always eager to learn and attain new skills to improve the way she does her job and always willing to coach & mentor others to ensure business continuity.

Mary has vast experience in banking industry having worked for over 10 years both at officer and managerial levels. The opportunity for her to pursue Master's degree in Business Administration is highly supported because I believe that her experience and education will enable her to be selected for the program.

You will find her to be very energetic, confident, and person with high integrity having worked in the bank with a clean track record.

Please feel free to contact me in case you have any queries on this recommendation.
