To whom it may concern

I am writing to you with respect to Ms. Hildagard Nafue Okoth who has requested that I write a letter of recommendation on her behalf. Hildagard and I discussed her recent decision to pursue graduate studies and I support her decision and strong desire to take her dedication and skill to the next level.

I have worked with Hildagard for almost 3 years. As her supervisor I have seen her excel in her work around facilitating food systems transformation in Arusha. She has taken a leading role in building synergies with like minded organization, supporting youth entrepreneurs in food systems as well as advocating for enabling environment for food actors. She is an excellent problem solver with outstanding interpersonal skills. Additionally, she is a good communicator and has the skills and personality needed to be a leader.

I have confidence that she will excel in her studies and that she will be an asset in your program. As her supervisor and representing her employer, I hope to pledge to support her in her pursuing graduate studies.

Sincerely,
