

Dear Admissions Committee,

RE: RECOMMENDATION LETTER FOR JOHN ZAKAYO NNKO

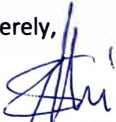

I am writing this recommendation letter at the request of Eng. John in support for his application for Master's in Business Administration (MBA) at ESAMI University

Based on my experience of him on both personal and official basis, I am of the opinion that he has ability and diligence to successfully complete his postgraduate studies. I had the opportunity of working closely with him during his undergraduate studies training as a water engineer. The skills he has acquired gives an added advantage in his pursuit for the MBA.

I have always found him to be a valuable team player, a person of integrity and honesty, who is always calm under pressure. He is hard-working, studious and always achieves his objectives. My many conversations and work related interactions with him reveal that he has agile and acquiring mind; he attaches great importance to Business Administration. He is a person of integrity and honesty, who is always calm under pressure. Eng. John has the maturity and discipline that is required to excel in any carrier.

I believe that John would be an excellent fit for MBA, and I am confident that he will continue to excel in his academic pursuits. He has my highest recommendation, without reservations.

Sincerely,

Subira Munishi (PhD).

Lecturer,

Department of Water Resources Engineering Department
