To whom it may concern,

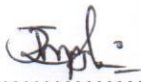

**LETTER OF RECOMMENDATION FOR FURTHER STUDIES BY EMPLOYER**

It brings me great pleasure to recommend **Barton Elenzialy Komba** for further studies. He has been working at our organization for five (5) years as civil engineer on various engineering projects and three (3) years as Airport Manager. Given his experience and skills, he can improve himself by adding a master's degree to his qualification.

He is a graduate and has extensive experience in the field. His responsibility based on supervision on projects and Supervision of airport operations (To ensure adherence of airport operations, facilitation and oversee safety and security at airports). He is currently working full-time at our institution and wishes to continue his studies in the evening.

He is therefore commanded to any institution he may apply. I am willing to provide any further information related to this matter.

Regards,

.....
