Dear Sir/Madam

Re: **Recommendation for Fredrick Isaac Mushi**

Our Human Resource Business Partner, Fredrick Isaac Mushi, has requested me to write a letter of recommendation on his behalf for admission to the MBA-HRM, and I am more than happy to oblige.

I have personally and professionally known Fredrick since 2015. In these six years that we have worked together” three different companies,” I have witnessed him taking different roles in various capacities within the HR wing, and he has consistently performed to the highest expectations. In my capacity as Country Business Leader, Fredrick has been able to demonstrate the kind of leadership that inspires his team and influences excellent achievements.

Fredrick possesses the interpersonal skills required to run a successful business; he is a highly analytical and an excellent communicator; he is adept in Human Resources Management and all phases of business development. He quickly instills confidence in our young employees, and he is taken as a mentor with his team members

Therefore, I highly recommend Fredrick Isaac Mushi to your Institution for the MBA-Human Resources; I’m optimistic that we will witness performance at imaginable heights upon his completion.

If I can be of further assistance or provide you with details, please do not hesitate to contact me.

Sincerely,

Juma Mohamed
