To whom it may concern:

I would like to formally recommend **Nyabhuruma Kate Makilagi**, who is my Work mate for almost three years now, I can assure you that, she has good work ethics and exemplary skills, she is ranked top performer in her department and always exceeded scorecard metrics, she is also a team player and proactively helped his/her teammates regarding hard technical issues.

I am highly impressed by her skills. I know that her ability and skills will fit well in a college setting, and would be an excellent addition to your school. Feel free to contact me with any questions or any concerns regarding my recommendation.

Sincerely,

**Silvanus Mathias.**
