Subject: Reference letter for Admission
Dear Sir/ Madam,

I am writing this letter for the admission reference of Daniel Hara for the MBA program offered by your institution. Daniel, in my opinion, has reached a level where pursuit of a master's degree would tremendously unleash potential in his work here doubling as a Pastor and head of department for the Youth. This in addition to his entrepreneurial venture as Charis Tours manager.

Working with him over the years in his administrative duties in Pentecost International Christian Centre (PICC) has left an impression of one who works with confidence, concentration and focused. He puts in quality effort when it comes to meeting assigned deadlines while demonstrating good interpersonal skills with those he works with. On the other hand, his leadership abilities in his entrepreneurial venture have proved to be a success with great capacity for growth.

I therefore recommend him for admission into your MBA program as he will prove to be a great student and make the university proud by his achievements.

Yours Sincerely,

Pastor Esau Banda

SENIOR PASTOR, PICC
