Dear Sir/Madame

**Re: Personal recommendation for Kennedy Ramadhan Mawole, wishing to join master's in business administration (MBA) with your institution**

---

The heading above refers, I know Kennedy for the past 8 years since he Joined WWF (Worldwide Fund for Nature) in 2012 as a junior accountant. I have worked with Kennedy for 8 years. He is currently the Head of Finance with WWF managing finances of the projects. I confirm that the skills and competencies he has acquired during his career to date are commensurate with the requirements for the MBA he has applied from your renowned institution.

For all the time I have known him, he has shown high-level commitment in his work and eager to learn new things. It is my sincere expectation that the MBA Kennedy has applied, will help him significantly to be more competitive in the current business environment where well-grounded management skills are highly needed than having the technical skills alone.

With the above background, I highly recommend Kennedy for his selected course of Master of Business Administration and strongly believe it will expedite his career prospect.

I trust her application will meet your requirements.

Yours sincerely,

---
