

THE ACADEMIC REGISTRAR
ESAMI

Dear Sir/Madam,

**RE: RECOMMENDATION FOR IVAN KUBULWA TO UNDERTAKE MBA STUDIES
IN YOUR INSTITUTION.**

I am writing to recommend Mr. Kubulwa Ivan, for admission into the Master of Business Administration (MBA) program at ESAMI Uganda. I have had the pleasure of working closely with him since September 2019, when he joined our team at East African Ministries (EAM). He has consistently demonstrated exceptional dedication, strong leadership skills, and a remarkable ability to excel in challenging situations.

Ivan has always been an integral part of our organization, contributing significantly to our finance systems development and operations. He consistently exhibits a strong work ethic, exceptional analytical abilities, and a willingness to take on new responsibilities. He is not only a proactive and diligent worker but also a great team player who collaborates effectively with colleagues and is always willing to share knowledge and supports others.

One of his notable qualities is his ability to handle complex financial tasks with a high degree of efficiency and precision. He has consistently demonstrated strong problem-solving skills, often coming up with innovative solutions that have positively impacted our operations. He is adept at managing deadlines, prioritizing tasks, and delivering results that exceed expectations.

I am confident that Ivan has the determination, motivation, and intellectual capacity to excel in the MBA program at ESAMI. His commitment to personal growth, combined with his exceptional work ethic, makes him an ideal candidate for further education. I have no doubt that he will contribute significantly to the academic community, just as he has done here at EAM.

Thank you for considering Ivan for admission into your esteemed MBA program. He has my highest endorsement, and I am confident he will make a meaningful impact on the world of business and finance.

Please feel free to contact me should you require any further information or clarification.

Yours Sincerely,

Samuel Ojok
Country Director – EAM
