RE: RECOMMENDING IRENE EDWIN ANANGISYE FOR MBA ADMISSION

I am writing to recommend Irene Edwin Anangisye for MBA admission at ESAMI. Irene was a student at Institute of Finance Management (IFM) and I was his lecture in Taxation courses and short courses where she passed well. Currently she is employed by the Tanzania Revenue Authority as a tax officer handling several critical assignments including examination of tax returns and other roles.

As a student, Irene is an open minded and a cooperative self-driven individual with an ability to learn fast. Throughout the course, she demonstrated strong analytical and theoretical skills while thinking critically. Irene acts with integrity and she is able to argue in constructive and impressive ways, qualities that potentially distinguishes her.

MBA program will truly be value adding to Irene's carrier, to her organization and the nation at large. I have confidence that he is able to complete a demanding academic programme at ESAMI Business School. Should you have any concerns regarding this recommendation, do not hesitate to contact me.

Yours faithfully,

Abdallah Mgallusy

Lecturer, Tax Management Dept, IFM.
