Dear Madam,

RECOMMENDATION OF MR STEVEN SSEWANYANA FOR THE ESAMI MBA PROGRAM

I hereby introduce you to Mr Steven Ssewanyana, an Accountant by profession and distinguished business man interested in undertaking the ESAMI MBA program for the October Intake of the year 2022.

I am an ESAMI alumnus of the intake 35 Evening and thoroughly enjoyed my experience in the institution both academically and in the social networking aspect. I know Mr Ssewanyana professionally and socially having studied with him in High School and through interactions in a professional setting. The benefits I have enjoyed from the MBA I attained from ESAMI have been immense and I have always encouraged Mr Ssewanyana to take up the MBA. He has grown the portfolio for the companies he runs and I believe he will attain higher feats in business after the ESAMI MBA program.

He is a belligerent and driven individual who has a sense of duty and penchant for success which I know are key qualities needed to succeed at ESAMI. He will do well at the institution and exceed expectations.

With the utmost confidence, I therefore recommend and endorse Mr Ssewanyana Steven for the ESAMI MBA Program 2022.

Sebulime Absalom
