CONFIRMATION AND RECOMMENDATION OF POST-GRADUATE SUCCESS

I am writing to recommend Mr. Confidence Musariri who has been a Postgraduate Diploma student for Project Management at Triumphant College in 2020.

It should go without saying that he is a remarkable genius, with an eye for not only growing his traditional spheres within communication but also project management. During the course of his studies, Confidence proved to be passionate about his results. Beyond his passion on driving performance, he is a natural leader and fights hard for his beliefs. He excelled more in a group environment and is consciously pro-active at getting full involvement of all other team members to derive the best results possible. Confidence has a very effective personal style and I believe, will be looked to for continued leadership in all his endeavors.

Based on his grades, attendance and class participation, I would rate Confidence's academic performance in his Postgraduate Diplomat as superior. As his Research Supervisor, I witnessed his extraordinary ability first hand. Here is a rare type of student who combined exceptional natural ability with a willingness and eagerness to learn. Until his graduation, Confidence has also been active in the community of the college. Frequently, he moonlighted pro-bono to the College's Journalism students using his vast experience in communication and journalism to offer practical experience to the Class of 2020 Journalism.

If you should ever need any additional information, you can feel free to contact me or the dean on the above details.
