This letter is my recommendation for Fidelia Fabian Mwebesa for the post graduate program in MBA in Human Resources management at The Eastern and Southern African Management Institute (ESAMI). I have worked with her for three years now and I find her to be committed, enthusiastic and passionate about her job.

She is a take charge person who is able to come up with very creative ideas and communicate it effectively with the rest of her team members.

Fidelia is certain and asset to the business and I hope that her further studies will add more value to the business.

I fully support her decision to continue her studies and pursue a master's degree in MBA in Human Resource Management and I wish her all the best.

Sincerely
