**RE: RECOMMENDATION FOR MR. WILLIAM MKENDA POST GRADUATE STUDIES**

Kindly refer subject matter above.

I am pleased to write a recommendation letter for Mkenda. I have known Mkenda for three years as my student. As his lecturer, I have had an opportunity to observe his participation and interaction in class and to evaluate Mkenda's knowledge of the subject matter. He is an outstanding student in all respects. Mkenda has proven that through hard working, follow through, and team work Mkenda can accomplish tasks in courteous and timely manner.

Mkenda is an outstanding individual with a strong character. He has the ability to produce impressive results in a wide variety of areas. I have seen astonishing results on complex projects that offered great attention to detail where quality was never compromised. Additionally, he has a very positive attitude and truly embraces learning all there is to know about business. During his study at the University of Dodoma, he proved to be matured and well disciplined. He learned a good number of courses in Economics and Statistics which enable him to apply knowledge acquired. His motivation to higher education is not questionable.

With pleasure, I would like to provide a recommendation for Mkenda for admission for the postgraduate studies in your institution. Basing on academic and personal characteristics, I am recommending Mr. Mkenda to be considered for selection.

I look forward for your favorable consideration to his application.
