Dear Messrs (Without Prejudice)

RE: RECOMMENDATION FOR MR. ENOCK BWESIGYE MWEBESA

This is a recommendation letter for Mr. Enock Bwesigye Mwebesa in support of his application for your Masters in Business Administration Degree Programme.

I have had the opportunity to interact with Mr. Mwebesa while he was undertaking his studies in Power Systems Engineering at the Department of Electrical and Computer Engineering, School of Engineering, Makerere University, where I lecture. Over the period of our interaction, he demonstrated diligence and initiative in his studies, and proficiency in his research. At a personal level, I have found Mr. Mwebesa to be a well-organized and a diligent team player with a lot of passion to find solutions to any challenges that come his way. He is also a natural leader and a problem solver who loves challenges and enjoys proposing solutions. I positively attest to his analytical problem-solving skills, self-drive, and natural inclination towards using technology to address societal problems.

I therefore without reservation, highly recommend him as an ideal candidate for your programme.

If need be, I will be happy to furnish further information or clarification as may be required.

Yours sincerely,

Peterson Mwesiga

Lecturer, Department of Electrical and Computer Engineering
